## Pipe Line Firm To Move Force

Carrollton Will Be  
Site Of Headquarters

COLUMBIANA, June 13—The H. C. Price Pipe Line Construction Co. of Bartlettville, Okla., which has made its headquarters here for the last two and a half months in the construction of the gas transmission line in this area, will move its force of 300 men to Carrollton next Sunday.

Operations from Columbiana covered the distance northeast to New Castle, Pa., and a number of miles southwest toward Carrollton. Some of the workers who were accompanied by their families lived in house trailers in different parts of town, but at Carrollton a trailer camp will be established at the fairground.

The 26-inch gas line is being constructed from the Texas field to Buffalo for the Tennessee Gas Transmission Co. In this area construction is proceeding from New Castle southwest toward the transmission company's Ohio headquarters at Zanesville.

Dunn Brothers of Dallas, Tex., have the contract for unloading and distributing material, large shipments of which were received here.

The dailyvacation Bible School sponsored by Grace Evangelical and Reformed Church, the Methodist and Presbyterian churches and the Church of the Brethren, had an enrollment of about 150 when it closed last Friday after having been in progress two weeks.

A father and son banquet served by women of the church will be held at the Methodist Church at 6:15 p. m., Thursday. Members of the Philo Class will entertain with a minstrel show.

Columbiana will play its first game of the season in the American Legion Junior Baseball League of Columbiana County at North Georgetown Wednesday evening. The team will play at the dailyvacation Bible School.

The Columbiana Booster Club will hold its June meeting in the high school building at 8 p. m. Wednesday.

Welcome Lodge of East Palestine Odd Fellows will confer the third degree on three candidates for Panora Lodge of Columbiana this evening. Lunch will be served.

Salem Pythian Sisters will be guests of Sunset Temple here at the meeting Wednesday evening. An open church service in First Presbyterian Church, East Palestine, is planned for the wedding of Miss Virginia L. Wetzel, daughter of Mr. and Mrs. Merrill O. Wetzel of East Palestine, and William Newell, son of Mr. and Mrs. East Liverpool Sunday afternoon.

ana, at 2:45 p. m. Saturday. A reception in the church will follow the ceremony.

David S. Kurtz, stationed at Norfolk, Va., on the U. S. aircraft carrier Midway, accompanied by his friend, Ed. Hendrix of Iola, Kan., was a recent guest at the home of his parents, Mr. and Mrs. John Kurtz, County Line road. Mr. Kurtz recently returned from a five-month tour of the Mediterranean area.

Members of Valley Golf Club have decided to hold the Hallow-Mrs. Earl Newell of Columbiana, Sunday, June 25, and Sunday, July 2. Qualifying scores must be in by June 24. Three classes will be held, with three-fourth handicaps in each. The tournament committee is David Holloway, Robert Firestone, Graydon Metz and John Ryan.

Leland R. Houlette of Columbiana, a student at the New Mexico School of Mines, Socorro, was awarded a scholarship valued at \$100 for the fall semester at the college commencement May 26. He is a sophomore majoring in geology.

Mrs. G. A. Zellers, who formerly operated a children's dress shop in Columbiana, has sold her store in Wooster on account of ill health.

SONS DIE OF CANCER  
NEPTUNE, N. J., June 12—Within four years cancer has killed two 15-year-old sons of Mr. and Mrs. Henry Peiper.

Their son George died yesterday after a three-month illness. Another son, William, died of the disease on June 19, 1946. Another brother, Robert, 5, survives.

Lattimore, Johns-Hopkins professor, and Jaffe, editor of the now defunct Amerasia Magazine, have been targets in McCarthy's series of attacks on the State Department.

## TV Technicians Walk Off Jobs

Strike Forces Six  
Shows To Be Dropped

NEW YORK, June 13—(AP)—Six Columbia Broadcasting System television shows were cancelled last night when more than 400 technicians walked off their jobs in New York and Hollywood in a contract dispute.

The negotiations involved nearly 600 members of the AFL-International Brotherhood of Electrical Workers in New York. Hollywood, San Francisco and Washington, D. C.

The strike continued today with union plans to picket every CBS studio, office and transmitter in New York. Action at other cities was not decided.

The IBEW said it also had support from union scenic artists and stage hands and from the system's white collar workers.

Two leading shows cut off were "The Goldbergs" and "Studio One." Four shorter video programs also were pulled. Films and live substitutes were used to fill out the two and one-half hour interval in the evening period.

About 335 technicians walked out in New York and another 90 in Hollywood. The issues are wages, working conditions and seniority.

Sheriff Takes Wasson  
To State Penitentiary

LISBON, June 13—Sheriff Clark went to Columbus yesterday to convey James Martin Wasson of East Liverpool to the state penitentiary where he will begin serving a sentence of 1 to 20 years for auto theft and a concurrent sentence of 1 to 20 years for operating a motor vehicle without the owner's consent, after which he will serve a 1 to 25 year sentence for armed robbery.

Wasson's conviction is the outgrowth of a robbery of Truckers Inn at Wellsville last Sept. 17. His partner and accomplice, Gerald Heckathorne, also of East Liverpool, recently won a new trial in this case.

Distances above the earth up to 30 miles can be measured with high accuracy by a new instrument. It is a type of hypsometer, an instrument which measures altitudes by determining the boiling point of a liquid and from it calculating the atmospheric pressure.

## Reading Habits Not Hurt By Television

CAMBRIDGE, Mass., June 13—(AP)—Is reading obsolete? Three experts in the field of graphic arts say it is not, despite the advent of television.

Andrew Heiskell, publisher of Life magazine, believes television does not take away from time reserved for reading but merely fills a vacuum created by increased leisure time.

Publisher E. W. Palmer, president of the Kingsport Press, Inc., thinks newspapers, periodicals, books and every other form of the printed word have moved forward with all other activities.

Admiral Luis De Florez, consulting engineer and president of the De Florez Engineering Company, says that perhaps the advent of competition will prove to be a boon to the publishing field.

They spoke at a Massachusetts Institute of Technology symposium on "access to ideas," in connection with the school's 75th alumni day celebration.

TIFFIN MAN LOSES  
40 LBS. WITH RENNEL

"I cannot say enough for what Rennei has done for me," writes Mr. D. S. Ladd, Box 805, Tiffin, Ohio. "I am 67 years of age. Since taking Rennei I have lost 40 lbs. and feel so much better."

It's simple. It's amazing. how quickly one may lose pounds of bulky, unsightly fat in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Rennei Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slimmer, more graceful curves; if reduction pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bulk disappears—how much better you feel. More alive, youthful appearing and active.

## Report Consumer Income On Upbeat

WASHINGTON, June 13—(AP)—The nation's unemployment and consumer income pictures both showed bright in recent weeks.

The Commerce Department announced yesterday that consumer incomes in April hit a \$212,800,000,000-a-year rate—\$600,000,000 better than the annual rate reached in March.

At the same time the Labor Department's Bureau of Employment Security reported a moderate April-to-May drop in joblessness among workers covered by state unemployment insurance laws.

## Model Divorce Law Is Object Of Study

NEW YORK, June 13—(AP)—A model divorce law is the goal of a new interprofessional commission set up by the American Bar Association to make a two or three year study on the subject.

The group, which will be entirely independent, hopes to write a law that can win passage in a number of states and bring greater standardization in divorce matters.

# Health Week Observed Here

Junior Chamber Asks Residents Cooperate

This is "Health Week," held this year in conjunction with the Junior Chamber of Commerce Operation SPIC.

In a proclamation signed by both Mayor Harry Vincent and Dr. R. T. Holzbach, health commissioner, eight specific points for better Salem health and sanitation are outlined. They are:

Spray outside of garbage cans every week with any good D.D.T. preparation. Keep garbage can covered with a tight lid at all times.

"Have a tightly closed container for broken glass and rubbish. Use containers on State Street provided for disposal of all papers, wrappers, and similar trash."

"Have all pets immunized against rabies. Have all milk bottles properly cleaned and promptly returned to the dairies. Keep your home properly screened."

"Keep all yards properly raked and cleaned. All merchants should sweep their floors out the back door and not onto State Street and Broadway."

Dr. Holzbach pointed out, "naturally it is the duty of each resident to follow this program and the success of the 'week' depends entirely on individual cooperation."

One of the most important points in the program—spraying of the outside of garbage cans—should be completed before the end of the week.

A three-part movie will be shown at civic club meetings this week, Paul Horning, Junior Chamber of Commerce Health Week committee chairman, said today. The film was secured from the state health department and shows how to prevent the spread of rats, control pests, and promote better sanitation. Other clubs, which are seeking programs this week and are interested in this subject, are invited to contact Mr. Horning.

## Driver Killed When Water Spills On Truck

CANTON, June 13 — (AP) — Thirty-five tons of water smashed down on the steel cab of a truck which backed into supports of a huge tank here yesterday and crushed the truck driver to death.

Donald C. Terazzi, 25, of New Philadelphia, died of a skull fracture about three hours after the odd accident.

He was delivering a 14-ton load of coal to the Carnegie-Illinois Steel Corp. plant when the back of his truck struck a support of the plant's 10,000-gallon water tank.

The 25-foot wooden tower collapsed and almost all the water in it tumbled onto the truck cab, pushing its roof down nearly to the seat. Company officials said the paint on the truck cab roof indicated nothing but water had struck it.

## Grange Officers To Meet At Mile Branch

Columbiana County Grange officers will meet at 8:30 p. m. Monday at Mile Branch grange. Unity Grange officers will be in charge of the meeting.

Mrs. Paul Auck, lecturer, of the Ohio State Grange will be the speaker. Lunch will be served by the host grange.

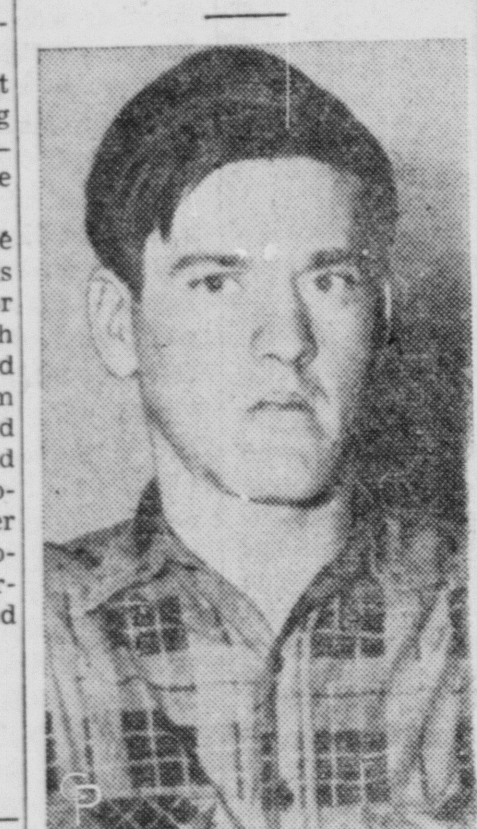

**HEALTH PROCLAMATION SIGNED**—Dr. R. T. Holzbach, SPIC Chick Mary Lou Lutsch, in her dental assistant's uniform, Paul Horning and Mayor Harry Vincent were present at the Health Week Proclamation signing and Honoring, Jaycee Health Week chairman, explained points in the local program.

## Telegraph News In Brief

### Boy, 13, Drowned

ZANESVILLE — Harry Stone, 13, drowned in the Muskingum river yesterday after he slipped from a cable on which he had been swinging out over the water.

**BLAMES 'RED INDIAN'** — Held in Circleville, O., as an arson suspect, Robert Segee (above), 21-year-old half-Indian, will definitely be linked to the Hartford, Conn., circus fire which took 107 lives in 1944, according to a story in the Circleville, O., Herald. A Columbus psychiatrist has been examining Segee, who says he is driven to fire-setting by a vision of "the flaming red Indian."

### Fall From Tree Fatal

CINCINNATI — A fall from a cherry tree yesterday fatally injured Orlando L. Rogers, 54. Rogers received a broken neck when he fell from a ladder while picking cherries.

### Vote Against Controls

WASHINGTON — Ohio's two Republican Senators, Robert A. Taft and John W. Bricker, voted yesterday against continuing rent controls beyond June 30. The Senate passed a bill to continue rent controls beyond that date with an option for local communities to extend them another six months.

### Charles Brannon Dies

YOUNGSTOWN — Charles Oliver Brannon, 50, prominent Mahoning County Democrat, died yesterday after an illness of five weeks. He was a past president of the Mahoning County Democratic Club and a former deputy clerk of the county board of elections.

### Haulers On Strike

YOUNGSTOWN — The AFL Teamsters Union called a strike of 500 drivers and loaders in its general hauling division today. The walkout followed a collapse of negotiations last night on drivers demands for a 20-cent hourly pay boost.

### Sohio Plant Progresses

CLEVELAND — Standard Oil Co. of Ohio said today it expects to complete its \$4,000,000 expansion program here by next November, three months ahead of schedule. The new catalytic cracking facilities at the company's refinery here will increase gasoline production by 50 per cent.

**GOING STRONG** — Vittorio Emanuele Orlando, of Italy, sole survivor of Versailles "Big Four" of World War I, returns home after a ride around Rome on his 90th birthday.

## Chamber Hears Talk By Administrator

A. M. Paxson, administrative director of the Economic and Business Foundation of New Wilmington, Pa., was the speaker at the Chamber of Commerce meeting Monday noon at the Lape hotel. Mr. Paxson spoke on the "Economic Significance of Fear, Insecurity, Selfishness and Pain" and the importance of these concepts in the development of a sound economy.

He pointed out that pain is the biological disorder needed to indicate there is something wrong with the biological structure, while two of the most dangerous diseases, tuberculosis and cancer fail to give strong pain warnings until much of the damage is done. "By the same token economic pains such as depressions and economic distress give a warning that there is something wrong in the economic system."

Mr. Paxson said economic progress comes out of economic insecurity, not out of security, for when a man seeks security for himself and family, progress results. If society had no economic pains it could easily get into trouble without knowing it, the speaker added.

Chamber President Alroy Bloomberg introduced Mr. Paxson.

## Jury Will Determine Sanity Of Murderer

CARROLLTON, June 13 — (AP) — A jury will be impaneled Monday to decide whether the admitted slayer of a Harrison Springs couple is sane enough to stand trial.

Carroll County Prosecutor Glenn Fortune yesterday said Ernest B. Deem, 42, had been declared legally insane by Lima State Hospital for the Criminal Insane. Fortune termed the report inconclusive, however.

Captured in a mountain cabin in West Virginia several weeks ago, Deem admitted to authorities that he killed Mr. and Mrs. John D. George, a farm couple, as the result of a grudge.

## Former Czech U. N. Delegate To Stay Here

WASHINGTON, June 13 — (AP) — The United States today gave Vladimir Houdek, former Czech representative to the United Nations, permission to remain in this country.

The action was taken on grounds that Houdek might have to pay with his life if forced to return to Communist-run Czechoslovakia.

Houdek broke with the Czech government and resigned his U. N. post on May 16.

Houdek's case differed from that of other Soviet satellite diplomats who have been given asylum in this country.

Lower California is south of Southern California and much of it is made up of high mountains.

**TRADE QUEEN** — Nautical Sandy Young was chosen to reign over the celebration of World Trade Week in Phoenix, Ariz. The city is a hub of foreign trade with Mexico.

## Boy Hurls Spark Plug Into Companion's Head

NEWARK, N. J., June 13 — (AP) — Nine-year-old Lamont Huntly had a three-inch sparkplug sticking out of his forehead when they brought him to city hospital yesterday.

Doctors lifted the sparkplug out in an operation that took 1 1/2 hours. It had been embedded half an inch in Lamont's skull, over the right eye.

The boy said a school companion with whom he had refused to share a box of crackers threw the rusty sparkplug at him, and there it stuck. Doctors reported his condition as fair and said his brain had not been injured.

## Rains, Windstorms Hit Midwest Areas

By The Associated Press  
Rain and windstorms hit over Midwest areas today but the rest of the country had fair weather. Wind of near tornado violence struck in eastern North Dakota last night, causing thousands of dollars damage to buildings, crops and communication lines. No casualties were reported.

The Midwest wet belt covered areas in Wisconsin, Minnesota, Illinois and Michigan. Strong

shifting winds accompanied the thunderstorms in some areas. A gust up to 75 miles an hour was reported at Madison, Wis. More than two inches of rain fell at Madison and La Crosse, Wis.

There also were a few showers in the northern Rockies. Temperatures generally were above normal over the central states and a little below seasonal

levels in the Middle Atlantic and Pacific Coastal areas. Mild weather continued in the eastern and southern states. Maximum readings yesterday ranged from 106 at Presidio, Tex., to 48 at Lake View, Ore.

## Alaska Samples Statehood

WITH MINOR exceptions, according to the Department of Justice, the entire territory of Alaska is out of step with the spirit of the New Deal. Its businessmen have been trying to make money. Therefore they must be indicted for violating the anti-trust laws, the same as if they were in the United States.

Statehood being just around the corner for Alaska, this judgment against its enterprises must be considered a sample of what it is letting itself in for. The Department of Justice intends "to free Alaskan economy of crippling trade restraints and monopolistic practices." In the devious reasoning of the department's lawyers, that amounts to saying Alaska can look forward to being freed of just about everything it depends on for its existence.

Some years ago the Department of Interior had the happy thought of introducing the essence of the New Deal into the Virgin Islands and Puerto Rico. They, like Alaska, were helpless targets for the random ideas of the people with a great itch for reforming everything, especially other human beings. When the Department of Interior was through—the beneficiaries of its improvement were on permanent relief and glassy-eyed with confusion.

Alaska may have better luck. Its people are not, after all, unaccustomed to the New Deal. They remember the Matanuska Valley project. They're still glassy-eyed from that one.

## No Dead Hand Control

DAVID E. LILIENTHAL has begun the crusade which made him resign as chairman of the Atomic Energy Commission; he has declared in Collier's magazine, which will publish his views on atomic energy, that the dead hand of government monopoly must be pried loose from nuclear fission.

Otherwise, he warns, the United States will miss its chance to make the most of this new source of energy to lift living standards. Only private enterprise has the imagination and the means to release the energy of the atom for human betterment. In government hands, atomic energy will be exploited for only military purposes—and even that exploitation will be handicapped by the government restraints.

These restraints are implicit in government processes, which hinder clear decisions and virtually forbid any decision which tends toward originality. Mr. Lilienthal, who helped to guard the government monopoly of atomic energy while he thought it was necessary for national security, believes the time has passed when a monopoly was necessary.

Everyone who has been close enough to the monopoly to know what atomic energy promised for the future has been impatient to give its development a green light. All members of the Atomic Energy Commission have shared or do share Mr. Lilienthal's point of view. Nothing could be more inconsistent than for the United States to let nuclear fission languish under the dead hand of government in a society which owes everything it is to the live touch of free enterprise.

## The Weather That Hurts

LIKE THE first robin, the first fellow who chirps, "Is it hot enough for you?" is the complaint that it is too hot. The complaint

One day soon, it will be hot enough for everybody, whereupon almost everybody will complain that it is too hot. The complaint will be out of order.

In the north temperate zone, the extremes of heat and cold are bearable; that is why the climate is described as temperate. When the extremes are reached, moreover, they are relatively moderate in the amount of discomfort they cause. Ways and means have been devised for dealing with them.

The weather that hurts and fills the inhabitants of the north temperate zone with misgivings is the in-between kind that is neither hot nor cold. It is the kind that stirs the divine discontent which causes the north temperate zone to be the most invigorating climate on earth because people get so peeved about it they conceal their peevishness in hard work.

There has been more peevishness than usual these last few months because there has been more in-between weather than usual. The first fellow who chirps, "Is it hot enough for you?" this June deserves to have his teeth kicked out. The same fate should be held over next winter for his counterpart who will chatter, "Is it cold enough for you?" What do you want the weather to be?

Americans can be thankful that at least a liberalized displaced persons measure is assured. Under the legislation finally approved by Congress and considered certain of President Truman's signature, another 135,000 European DP's may be admitted to the United States.

## Postal Service Cuts Here To Stay, Claim

POST OFFICE officials say that U. S. citizens had better resign themselves to having the postman only ring once a day from now on because they think the new cuts in the service are here to stay. That is, unless Congress forces Postmaster General Jesse M. Donaldson to cancel his economy order.

Furthermore, they say, taxpayers had better stop taking for granted all the services which the Post Office has been furnishing at cut-rate prices to these many years. They think that maybe the time has come for some brand new rules on how Uncle Sam should play post office with the population.

The problem of the Post Office running in the red has been steadily getting worse. This year the postal deficit is expected to set an all-time high of \$545,000,000. That's about one-tenth of the total federal deficit for this year. And that's why everybody who has anything to do with it thinks the time has arrived to do something in the direction of black ink.

The Post Office is one of the world's biggest businesses. There are over 500,000 employees. The gross take is about \$1,500,000,000. Over 43,000,000,000 pieces of mail weighing about 11,000,000,000 pounds are handled yearly. And 900,000,000 other special services are rendered annually, such as selling money orders and the handling of \$3,000,000,000 of postal savings for 4,000,000 persons.

SINCE 1852 the postal service has been getting fancier and going further in the red. After cutting the letter rate to 3 cents that year, free city delivery was started in 1863. Special delivery was begun in 1885, rural free delivery was launched in 1896 and parcel post instituted in 1918. The addition of other special services included registered mail in 1855, money orders in 1867 and insurance and C.O.D. in 1913.

Since 1852 the Post Office has been in the black only during 13 years. Practically all of them were war years. During the last war the great increase in overseas air mail accounted for most of the profit, which by 1945 had reached \$168,000,000 per year. That surplus in operating expenses was due mostly to the fact that the services carried the mail free for the Post Office.

Then came 1946, the first post-war year, and the profit turned

into a deficit of \$129,000,000. It has been going up ever since for many reasons.

Only a part of the blame for the postal deficit can be reasonably put on Post Office officials. There's not much you can do about making a business pay when you don't have any control over salaries of employees, costs of transportation or the rates you charge for your service. There is probably plenty that is inefficient about the postal service as it operates today, but that's only part of the whole picture.

Since the war, for instance, Congress raised government salaries about \$740,000,000 a year for postal workers. The cost of air mail—an item controlled by the Department of Commerce—has about doubled since the war.

Railroad rates for hauling mail were increased about 25 per cent, an item controlled by the Interstate Commerce Commission.

TO OFFSET THESE increased costs of handling the mail Congress upped rates on some services which were only designed to bring in about \$125,000,000 a year.

Only first-class mail and postal savings pay for themselves. In 1949 first-class mail netted \$82,065,000, postal savings made \$2,413,000.

The biggest loser of all was second-class mail—newspapers and magazines—last year. It cost the taxpayers \$174,675,000. Other efficient money-losing postal services included third-class mail—circulars—which lost \$129,053,000; fourth-class mail—parcel post—which lost \$104,881,000; government and congressional mail which cost \$47,773,000 and money orders which cost \$28,410,000.

In all the years of the growing postal deficit, there has been no deficit in the number of suggestions and plans for curing it. Any number of bills have been introduced which would make a drastic raise in this or that postal rate as a cure. The Hoover Commission made many suggestions for improving the over-all efficiency of the service.

But against almost every one of these suggestions there has been heavy pressure from the groups which would be most affected by the change. So today, there is still no clear-cut federal policy on the relationship of the Post Office to those who benefit from its service. But that's what postal authorities would like to have now, once and for all.

NEXT: The proposed solutions.

## The Barefoot Boys

By TRUMAN TWILL

GO AWAY, kiddies. Lug your saddle oxfords out of here because you won't know what this is going to be about. You haven't lived, that's why. Furthermore, you never will.

Kids your age—and older and younger—used to whoop and holler with joy this time of the year because they could go barefoot. They could scamper across the dewy grass with the cool drops of moisture splashing over their pinkies.

They could leap out of bed in the morning and take off without giving second thought to stockings, shoes and shoelaces. They could wade into and out of mud puddles with no more misgivings than any other animal.

The big idea, early in the game, was to toughen up quick. When a kid could walk across a slag driveway, a dump heap, a stubblefield, or a smoldering campfire without wincing, he was ready. There were favorite methods for speeding up this process.

One, favored by town kids, was to see how many steps could be taken on a hot pavement before the soles of the feet fried. After a week of this trial by temperature, the feet were the consistency of leather—self-regenerating leather. Good for June, July and August with no upkeep.

Some kids favored the railroad-walking method of toughening up. Those who survived a three-mile jaunt down the right of way, skipping from one tie to the next, treading on lumps of slag, bits of glass and the particles of metal, always found on roadbeds were in shape. For the casualties, it took a few days longer, with an assist from hot saltwater.

You don't understand why this was fun? Sounds like wanton cruelty, huh? Well, times change. It's hard today for the older generation to see what's so fascinating about some of those curious specimens on the radio for example.

Take, for instance, the feel of hot dust scuffed in with ten appreciative toes, for example. Or the ecstasy of cool mud to refresh

## Barbs

We often wonder where gossip would stand if there weren't any aisles in department stores.

An Indiana auctioneer was found unconscious in bed from gas. Did he talk in his sleep?

Going without stockings is one thing that became a fad without being expensive.

a wayfarer's tired feet after a dreary march down a sunbaked road. Or the flexibility of unshod feet for climbing trees and walking on fences.

Perfect freedom of action while a boy skipped from water to land and back to water. No shoes to shine. Just a few minutes under the pump before bedtime. No tired arches. No socks to be lost and found. No warnings to take it easy because papa didn't have the money for another pair of new shoes. No restraints—go the limit—there's always more skin where that skin came from.

But you kids wouldn't understand. Definitely not. You'd call in the law if you were told that starting tomorrow you could forget all about shoes for the remainder of the summer. And your saddle oxfords. And gym shoes.

And thistles and thistles. Beat it while the old man sheds his brogans and sees whether or not he can make it to the other side of that slag driveway without screaming for help.

## Point of View

## President May Sign 'Basing Point' Bill

By DAVID LAWRENCE

WASHINGTON THIS IS a crucial week for American business and industry. It can be the turning point toward a period of stability or it can mean chaos in this country from coast to coast.

Everything hinges on whether or not President Truman signs or vetoes the so-called "basing point" bill passed by Congress which permits producers to absorb freight charges in whole or in part in making their

David Lawrence prices to buyers. The measure affects practically every commodity shipped now-

days in interstate commerce.

It has been estimated, for example, that if Mr. Truman makes the bill into law, the price of steel paid by the buyer will immediately drop in some instances by \$1.75 per ton, and in certain favorable locations, due to nearness of raw materials, it will be as much as \$2.00 a ton under what is being paid today when the freight cost is added to the mill price.

EVER SINCE the Federal Trade Commission's attack on the "basing point" system was upheld by the Supreme Court of the United States two years ago, there have been efforts made to persuade Congress to pass remedial legislation.

A conference report of both houses has been held up for al-

most a year by opponents who have charged that the corrective proposal would encourage monopolies and price-fixing. This has been denied by its sponsors. The bill has had the hearty support of such men as Rep. Emanuel Celler, Democrat, chairman of the house judiciary committee, and Senator Joseph O'Mahoney, Democrat, chairman of the joint economic committee.

If anybody in Congress knows what a monopoly or price-fixing bill is, it certainly must be Messrs. Celler and O'Mahoney. In addition, the bill has received the support of Democratic senators, like Senator Myers of Pennsylvania, as well as of Republicans.

The pressure upon President Truman to veto the bill is nevertheless strong. If he were to do so, he would start a wave of economic disturbance which would be felt for a long time to come in America. During the last year or so there has been a virtual truce as business men have assumed that conditions would soon be remedied by legislation. But if the issue is decided adversely, all sorts of permanent changes may be expected in the price structure—in fact, an upward and inflationary rise may well be anticipated.

If, on the other hand, the President signs the bill—as he is being urged to do by Attorney General McGrath and Secretary of Commerce Sawyer and by his director of the budget and by two members of his council of economic advisers—consumers look for relief on the price side.

OBJECTIONS have been raised on the ground that some businesses will not be able to compete against larger companies because the powers in the new law would enable freight charges to be absorbed and prices to be cut in one section of the country as these losses were made up elsewhere.

But it is argued in rebuttal that, inasmuch as existing anti-trust laws and the Robinson-Patman Act—which forbids price discrimination—would still be enforceable, there can be no manipulation of price in that manner.

Sellers of commodities would have to justify to the federal trade commission any prices they make when they include the freight charges, taking into account only the differences in transportation cost and giving the same prices or discounts to all who buy the same quantity or buy within a particular category defined by the present law as a "reasonable classification." Business cannot arbitrarily set up its own classes or discounts and apply them unequally within groups.

The President has summoned representatives from all government agencies concerned with the new legislation for a conference today to advise with him, after which he will come to a decision. He has until Friday to make up his mind whether to sign or veto or let the measure become law without signature.

The general impression here is that Mr. Truman will sign the bill and indicate to business that he has no desire to engage in a campaign of harassment against business men who have been paying the freight as a convenience to customers and as a method of meeting competition in different geographical areas. ## Vacation Room Just The Thing

NEW YORK

WHY VACATE your home to take a vacation?

Why fight traffic for hundreds of miles to catch poison ivy in the mountains or gather a third-degree sunburn on the beach?

You can have all the discomforts and inconveniences of an ordinary vacation—and more—right in your own home. And you can end up just as worn out as if you had crawled on your hands and knees to Quebec and back.

All you need is the new patent-not-applied-for Boyle "vacation room." It is based on the theory that people go on holiday jaunts because they are bored with having things run right in their own homes. They don't really want rest or comfort. They want hardship and suffering. They want things to go wrong.

Our vacation room will take care of all that. Simply call our representative, and turn over one of the rooms in your house to him. And he'll fix it up so that every member of the family can have the kind of vacation he enjoys.

THIS IS HOW our man will fix up the room: Two walls will be lined with bunks containing mattresses stuffed with dry cement. Another wall will hold a picture of Waikiki Beach and beneath it will be strewn sand, orange peelings and empty beer cans. A powerful sunlamp will blaze down on this picturesque seashore scene.

The wall across the room is plastered with a splendid view of the Alps. The floor below is littered with pine cones and potted poison oak and poison ivy plants. And there is a giant wind machine in the corner to provide fresh mountain breeze.

The center of the room is gay with boulders and scattered nettles. This, of course, is the picnic site. And just under the ceiling runs a network of pierced water pipes to provide the usual picnic shower.

Now all is ready for your vacation. You, your wife, and your children take off your shoes and walk barefooted into the room. You stand there gawking, out man quickly opens a series of boxes. Out fly a barn owl and a bat. Out zoom a million angry mosquitoes and 45 bumblebees. Out slither four garter snakes. Out crawl a vast colony of ants, a dozen or so spiders and twice that number of beetles.

OUR MAN quickly backs out, closes and locks the door, and begins to turn dials controlling the gadgets in the vacation room. The sunlamp begins to burn, the ceiling pipes rain steadily, and the wind machine sets up a typhoon blast. The mattresses harden to concrete.

At the end of three days—when he can no longer hear the yelps for help inside—our man opens the door. The sleepless, backache, snake-frightened, nettle-stung, mosquito-chawed, bee-bitten, sunfried, ivy-poisoned, ant-itchy, pneumonia-racked, cobweb-covered members of the family are then carried out and put into their own beds.

Who is there to attend their aches, pains and ills? Why their own good old cheerful family doctor. In four days he has them all back on their feet, and they can go around bragging to friends:

"You think you had a rough vacation? Let me tell you what happened to us."

And they'll still have a week—before going back to work—to wonder why they never appreciated before how nice it is just to be at home, and comfortable.

Couldn't you use a modern vacation room in your house?

Galbreath-Primm  
Vows Are Heard

ATTRACTIVE in an aqua lace dress and a white picture hat, Doris Galbreath became the bride of James Primm, Jr., at 4 p. m. Sunday in the Methodist Church. She carried a white Bible topped with white carnations and showered with ribbon. Mr. Holroyd gave his daughter in marriage.

Palms and ferns lighted by white candles in seven-branch candelabra made the artistic altar setting for the double ring ceremony performed by the pastor, Rev. Richard C. Swogger.

Homer S. Taylor, church organist, offered the love melodies including "Claire De Lune," "Because" and "I Love You." While the couple knelt at the altar he played "The Lord's Prayer."

Only the families and a few friends witnessed the service.

As matron of honor, Mrs. Clyde Davis appeared in a pink suit, wore a navy blue hat and carried a nosegay of pink and white flowers. Earl Miller, a college friend, was best man. Another college friend, Jack Rance, ushered.

Mrs. Holroyd, mother of the bride, chose an ice blue linen costume for her daughter's wedding, and complemented it with brown accessories. Mrs. Primm wore a chartreuse outfit and used navy accessories. Both wore corages of gardenias.

The reception was held in the church social room. A three-tiered wedding cake topped with roses added beauty to the refreshment table. Mrs. Earl Miller, Miss Mary Lou Antonio and Miss Carmen McNicol assisted in serving.

The new Mr. and Mrs. Primm are graduates of Salem High School. A daughter of Mr. and Mrs. George Holroyd of N. Ellsworth ave., the bride is employed by the Ohio Edison Company. Mr. Primm is the son of Mr. and Mrs. J. D. Primm of Superior ave. He is a law student at Ohio State University.

The bride used white accessories with the red suit she donned for her honeymoon trip. She wore an orchid corsage. Upon their return, the couple will reside at 383 E. Fourth st.

Salem U. C. T. Council  
Honored At Meeting

Salem Council, United Commercial Travelers, brought home several honors from the annual meeting of the organization's grand council at the Carter Hotel, Cleveland, last week.

Those attending from Salem were Senior Counselor and Mrs. Rex Reich, Past Senior Counselor and Mrs. C. Raymond Reich and Secretary-treasurer Clyde Reich. The Salem council was awarded prizes for placing third in the supreme domain of almost 600 councils in the United States and Canada; for ranking fourth in numerical gain for 1949; another 100 new applications and for leading the state in that regard. Two trophies will be given the Salem council for leading the state in numerical gain and for percentage gain.

The delegates attended the grand banquet and dance Friday night at the Carter Hotel.

Dolores Ferko  
Receives B. S. Degree

Miss Dolores Marie Ferko, daughter of Mr. and Mrs. Alexander Ferko of N. Ellsworth ave., was graduated from Ohio State University last Friday. Majoring in mathematics and biological science, she was awarded her Bachelor of Science degree in Education.

Her parents, with Miss Ann Steno of Pittsburgh and Marvin Wukotich of Salem attended the commencement exercises.

Myra Amstutz Plans  
European Tour

Miss Myra M. Amstutz, daughter of Mr. and Mrs. J. B. Amstutz of Damascus, member of the Leetonia High School faculty, is joining a party of 45 college students and teachers to travel the European continent this summer.

This conducted tour is designated "Youth Argosy" and includes all the European countries not under Communist domination.

Leaving Bradley Field, Conn., June 14, their plane will stop at Shannon, Ireland, before going on to Luxembourg, where the party will divide into small groups.

With emphasis placed upon music, art, costumes and drama, some of the highlights are the Passion Play at Oberammergau, art centers in Italy, scenic wonders of Switzerland, including the William Tell area, and France with short trips to famous cities.

Touring Germany, the groups will study cultural backgrounds and participate for several weeks in construction work with the Mennonite Committee on Rehabilitation.

Continuing across Belgium and on through Holland, the group will take advantage of traveling on the canal. The group expects to arrive in England in time for the Shakespearean Festival at Stratford. After attending lectures at Oxford University, the travelers will tour all parts of England. The final week will take the party into Scotland.

Returning in mid-September, the group is scheduled to leave Europe on a Cunard steamship and dock at Montreal, Canada.

This trip was arranged for Miss Amstutz through Miss Lois Blosser of Columbiana, teacher at the Beloit High School.

Mrs. Carl Naylor visited Mr. and Mrs. Harry Parks of Salem on Thursday. Also visiting in the Parks home was Mr. Parks aunt, Mrs. Frank Naylor of Jackson Center, Pa.

Mr. and Mrs. Oliver Ferguson, Mr. and Mrs. Jack Welsch and Mr. and Mrs. Charles F. Wagner accompanied the Sebring Nazarene Choir to Lisbon Friday night, where the choir presented special music for the Zone Missionary Rally. Mrs. Wagner is a member of the choir.

Mr. and Mrs. James Rhoades and family, who have been residing in Wichita, Kansas, arrived at the home of her parents, Mr. and Mrs. Ed Hall, Beloit, R. D. last week. Mrs. Rhoades is the former Eileen Hall.

The condition of the mother of Charles Grimm, who has been confined to the hospital in East Liverpool for a week, is reported about the same.

**RELEASED BY REDS**—James McGovern (above), American civilian pilot taken prisoner by Communists when he made a forced landing in Indo-China early this year, has been released and returned to Hong Kong. The Asbury Park, N. J., flyer said he lost 75 pounds and was "pretty miserable" while in captivity.

### Kensington

Robert Hoopes was among the 235 students who were candidates for degrees at the 104th annual commencement at Mt. Union College. Charles E. Wilson, president of General Motors, delivered the principal address.

Hoopes, who majored in biology, received a bachelor of science degree. He was a member of Alpha Tau Omega fraternity, the Vets Club, "M" Club and the basketball and baseball squads. He is the son of Mrs. Alice Skelton of Kensington.

Miss Irene Dickey, daughter

of Mr. and Mrs. Dewey Dickey of R. D., Kensington, gave the valedictory oration at the 64th annual commencement of Minerva High School. Her theme was "The Best Things in Life are Free." Others from the Kensington district who graduated are Norma Brogan, Zoe Ann Marietta and Doris McGhee McClellan.

The next regular meeting of the Ladies Aid Society of the Christian Church will be Thursday afternoon, with Mrs. Charles Shasteen as hostess. Mrs. Ruth Stewart will have charge of the devotionals. The group met recently with Mrs. James Stewart. Mrs. Alice Skelton had charge of the devotionals. Mrs. Robert Mullikin and Mrs. Floyd Hull conducted the business meeting. Mrs. Helen Mehnert was at the piano.

Lunch was served by the hostess assisted by her daughter, Miss Wanda Stewart to 31 members and guests. Mrs. Paul Mehnert, Mrs. Fern Cox, Mrs. Raymond Mehnert and Mrs. Stewart Baxter attended from Alliance.

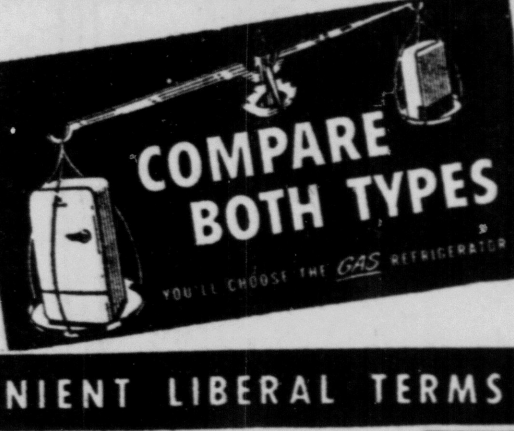

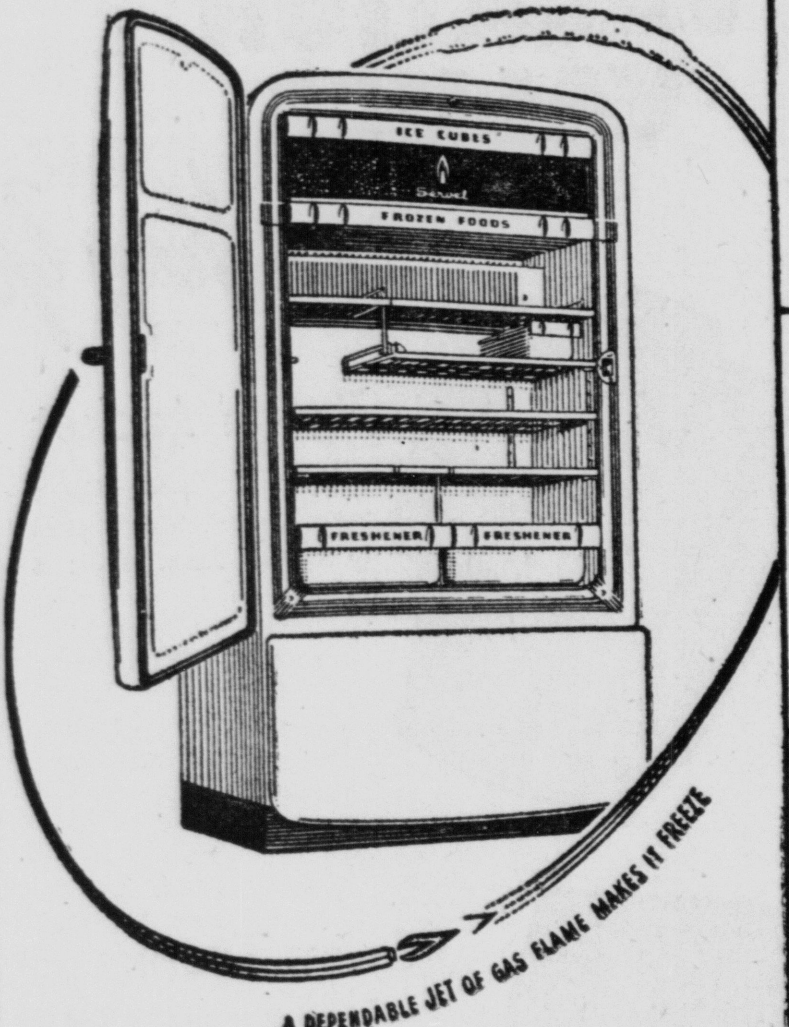

Approximately 50 children registered Monday, June 5, at the Christian Church when the daily Vacation Bible School opened. Miss Dorothy Zell of Mineral Ridge has charge of the group. Mrs. Robert Mullikin, Mrs. Floyd Hull, Mrs. William Morgan and Mrs. Joe Bolen are assisting. Miss Zell has just recently returned from Alaska where she was doing missionary work.

Mrs. Walter Conn will entertain members of the Fancy Work Club at her country home. The group met recently with Mrs. Harry Dorr as hostess at the home of her daughter, Mrs. William Morgan. Lunch was served by the hostess.

Mr. and Mrs. Elmer Knecht are the parents of a son born at the Salem Central Clinic.

OPINION—GOSSIP—NOTES—

## Rabbit Ball Disliked

The Boston Massacre was the clincher.

Major league managers generally agree with Connie Mack.

Something should be done about the lively ball.

The exception is Joe McCarthy. He likes it this way.

Joe isn't complaining about the jack rabbit in the sphere because the highly promising Athletics' pitching staff collapsed. The box scores tell the story. Look at the big innings.

Managers used to play for them, but now they come naturally.

Tris Speaker used to argue that any ball hit in the air inside of a ball park should be caught.

"Well," says Red Rolfe, "there are two or three outfielders playing now who ran just as fast as did Speaker, and they don't catch balls hit inside the parks. They have to play out of sight these days to protect against the long ball."

"I've seen balls hit past my shortstop this season with him not having the slightest chance to take as much as a step."

## Dye-Alongue

A few days before the news leaked out that Tippy Dye was leaving Ohio State to coach basketball at Washington, some Columbus sports scribes encountered Tippy at a baseball game.

C conversation turned to the wrecking of Ohio's championship cage team by graduation. Tippy remarked: "I'm going to have a winner next year, you can bet on that."

"That so?" cracked a reporter, "Where you going to be coaching, Tip?"

Before his shoulder was injured last November, Lloyd Mangrum was noted for having the most upright swing of any of the top golfers. When he returned to action Lloyd began complaining that his clubs were being made wrong. When he finally was satisfied, the shafts were two degrees flatter than the old model.

## Shorties

The Salem Amvets road team lost a tough 2-1 decision to the Pittsburgh A. O. H. (formerly Pittsburgh Tires) club Saturday night in Pittsburgh. Muscles Russell threw a four hitter for Ralph Mancuso's club, striking out 10 batters, but Webby Kleon of Pittsburgh tossed a three hitter back at him and fanned 14. The tilt was decided in the last of the eighth when the A. O. H. center-fielder lashed out a home run. The Amvets missed a chance to win in the top of the ninth when they failed to bring home a runner from third base.

Don Miller, son of Mrs. Della Miller of Lisbon was the driver and trainer of White Mountain Boy, four-year-old pacer, which set a new world record for four-year-olds at Roosevelt Raceway, New York, Saturday evening. White Mountain Boy's time in winning the race, was 2 mints and one-fifth second, just two-fifths of a second slower than the world's record of 1:59 for pacers of all ages, held by Billy Direct.

The Philadelphia Athletics will not be sold this season. But the Philadelphia American League club managed by Connie Mack during its 50-year history still is for sale at the right price, the club owners announced yesterday. And James P. Clark, trucking executive and president of the Philadelphia Eagles of the National Football League, reiterated a syndicate he heads is preparing an offer.

## Dixon's Daily Dozen

One of the unsung heroes of the city softball league is the guy who hides behind that mask and chest protector every night and "calls 'em as he sees 'em."

A thankless job is that of an umpire, and in Salem's softball league it is even more so.

The guy who gets the grief on the local diamond is Jim Jackson, who also operates the press on which this paper is printed.

Jim took on the umpiring job a few years ago after he decided he didn't care to play anymore. He's probably wished more than once that he was back playing.

Due to the financial setup of the softball program, Joe Kelley, the league manager, can't pay his arbiters very much. They serve on the job principally through love of the game.

At times, we'll bet, that love is strained. Particularly when an irate manager accused Jim of throwing the game or of pulling a bonehead play.

Jim's an active sportsman in several fields and seems to have boundless energy. He's on his feet five hours a night at the park.

A well-known bowler, his team won the city five man championship last season. He also is a golfer of sorts, and a follower of the midget autos.

In addition, "Jolly Jim" is probably Salem High's No. 1 sports fan. He buys season tickets for each football and basketball season and regularly attends the track meets.

He's one of the few cage followers who make all the out-of-town trips with the team. Plus all this, he watches Memorial building basketball almost every night.

All this fuss will probably not please him a bit, but the guy's enthusiasm for sports is certainly worthy of mention.

You can get his autograph any night at West End park.

## Rhodes Seeks Hogan For PGA Tournament

COLUMBUS, O., June 13—(AP)—Mayor James A. Rhodes of Columbus wants the Professional Golfers Association to induce Ben Hogan to play in the PGA tournament here next week.

The tiny Texan, winner last Sunday of the National Open, and PGA champion in 1946 and 1948, has said emphatically he will not appear in the PGA, which begins June 21 at the Scioto Country Club.

Rhodes, chairman of the local PGA committee, said he had written Tom Crane, PGA executive secretary, and asked him to prevail on Hogan to play.

"We realize, of course, that there is always the question of Hogan's health involving his competitive presence in any certain golf tournament," Rhodes said, "but we did not believe the new National Open champion would completely forego the possibility to be of assistance to his own PGA tournament."

"Certainly, as sponsors, we feel it is incumbent upon Hogan to attend the PGA in some form or other. His mere presence would add lustre to the event."

Hogan reportedly turned down the PGA because of the physical strain of playing 36 holes a day for several straight days.

Wayne Russell of Bliss had 20 putouts before the Sanitary broke into the hit column—just one out away from a no-hitter. With two

out in the top of the seventh, Montgomery singled and scored on Jeffries' double, the only hits off the portly Bliss twirler.

Meanwhile, Bliss got 10 bingles off Boone, Sanitary moundsman. Russell and Davidson each had homers for the winners.

Four safeties in the fourth inning gave The Hub two runs and all that Dave Ehrhart needed to win over the Vets. The latter came back with one in the sixth on a pair of doubles, all the hits Ehrhart allowed.

In Class A ball, City Sporting Goods trampled the Saxons 5-2, after getting three runs in the opening frame. The winners got only three hits, but took advantage of several walks and three Saxon errors.

Bill Sheen of Fishers set down Butler Grange with one lone hit in winning an 8-0 shutout. The game went only five innings. Johnny Pridon paced the Fisher batters with three base raps.

By JACK HAND  
(Associated Press Sports Writer)

Seriously disturbed by Detroit's solid strength, the New York Yankees remained hopeful today of making a major deal before the Thursday midnight deadline.

The world champions have more respect than ever for the Tigers after watching them bounce back from two Yankee Stadium defeats to win the finale and then sweep three straight at Boston.

Many of the Yanks now regard the Tigers instead of the Red Sox as "the team to beat." Boston lost plenty of prestige by dropping four in a row after rolling up that 29-4 record score on St. Louis last week.

Pitching is the big Yankee problem. It's the same story in Boston. The difference is that New York owns excess talent that could help other clubs.

In that category go second baseman George Stinnett, catcher Ralph Houk or Gus Niarhos, pitcher Don Johnson and an outfielder.

The Yankee pitching situation is desperate. Johnson, sidelined by a skin ailment, remained in New York when the club headed west. That left Casey Stengel with seven pitchers, including Joe Page and Duane Pillette, the latter just recalled from Kansas City. Page, troubled by a sinus condition, has pitched only one inning since June 3.

A look at the June records emphasizes Detroit's sizzling pace. Although they still trail the Yanks by a half game in the won and lost columns, they're out front by .002 in percentage points.

SINCE THEY left Briggs Stadium, the Tigers have won 10 and lost two. It is well known that Detroit is a superior road team. Now they dig in at home for 16 games, starting with three against the Philadelphia A's.

The Red Sox, winning only six of 11 at Fenway Park against the west, ventures into the badlands where they have failed so miserably in the past. First stop for the Sox, now a fading threat, is Cleveland. Then comes Detroit.

The Yanks break in easy with three at Chicago and four at St. Louis before riding into Cleveland.

## Detroit Pepsi Five Wins ABC Team Title

COLUMBUS, O., June 13—(AP)—Detroit's Pepsi-Cola entry is the team champion of the 1950 American Bowling Congress tournament.

By rolling games of 987, 976 and 989 for a 2925 total on May 18, Pepsi Cola managed to win the ABC tourney's team event with the lowest score since the Commodore Barry squad from Chicago turned in 2905 back in 1916.

It was the first time since 1922 that the team champion hasn't had a winning total of 3,000 or better and the first time since 1909 that the winner didn't have at least one game of 1,000 or more.

Pepsi-Cola won the first prize money of \$2,500. In addition, each team member will receive a \$200 diamond-studded medal and the team sponsor will get a trophy worth \$1,000.

Team bowling ended at the ABC last night—the 59th day

and Detroit on their 13-game jaunt. They took 8 of 13 at the stadium against the western teams.

Cleveland's Indians returned home today, still in fourth place, but further behind the league leaders in games than when they left.

The Tribesmen were 5½ games out of first place when they left for the east more than two weeks ago. They return trailing the front-running Detroit Tigers by eight contests.

Bob Feller was named to hurl tonight for Cleveland in the opener of a three-game series with the Red Sox. Mike Garcia and Bob Lemon were selected by Manager Lou Boudreau to hurl in the other two.

Only 8,251 customers were on hand at Pittsburgh last night to watch the Indians beat the Pirates, in an exhibition match. Less than \$6,000 was taken in for the community fund.

## Try To Arrange Robinson-Maxim Go

CHICAGO, June 13—(AP)—Light Heavyweight Champion Joey Maxim and welterweight king Ray Robinson may get together in a title bout if money matters and clearance can be worked out.

Ted Brenner, former matchmaker for the International Boxing club's St. Nicholas Arena in New York, has offered Maxim \$25,000 to defend his crown or the privilege of 40 per cent of the net gate. The bout may be staged either in Brooklyn's Ebbets Field or in Jersey City's Roosevelt Stadium.

Robinson was offered 20 per cent of the net gate and his manager, George Cainford, already has accepted terms for the match.

Brenner said "actually Maxim could get \$60,000 for the fight for it should do well over \$200,000."

Gainford, who described Maxim as a boxer, not a puncher, estimated a \$250,000 gate and gave Robinson a good chance to win by a knockout.

Maxim's manager, Jack Kearns, said he would be interested, but for more than the \$25,000 guarantee.

"The ante would have to be

of the tourney. Doubles and singles will be rolled throughout today with the last two-man events slated to begin at 5:20 p. m. (EST).

ABC officials said many low scoring teams will be surprised when they receive prize checks. Before the last 72 teams took the Coliseum floor last night, a score of 2634 was still in the money. The previous low team score to cash in was 2638 in 1940 at Detroit.

## Grange Favors More Pastures

### Proposes Government Lease Farm Lands

WASHINGTON, June 13—(AP)—The National Grange is proposing a return to an early New Deal practice of government leasing of farm land as a means of cutting production of surplus crops.

In a tentative draft of a new farm bill, the farm organization would use the land leasing device to get cropland diverted to pastures.

Funds now appropriated for the government's \$285,000,000-a-year soil conservation payment program would be used to finance leasing operations. The conservation payment program would be dropped.

Copies of the grange proposal have been submitted to many members of Congress.

In the early days of the Agriculture Adjustment Administration—set up in 1933 under President Franklin D. Roosevelt—the government obtained reductions in plantings of cotton, wheat, corn and other crops by leasing a part of the land normally devoted to the production of those crops.

The AAA leasing program was financed by a processing tax which was later ruled invalid by the supreme court.

Under the grange proposal, which drops the idea of a processing tax, the Agriculture Department would have authority to lease "definite plots of land, or definite proportions of certain tracts" for periods ranging from one crop season to five years.

The department could make payments to the farmer not only for lease of the land but for carrying out government instructions for care and use of the land.

## Boys State Governor Is Alliance Athlete

CAMP PERRY, June 13—(AP)—John Borton, 17-year-old captain of Alliance High school's football and basketball teams, will serve as governor during the annual Boys' State here.

He was elected over Richard E. Neff, 17, of Middletown, 589 to 398, at the camp sponsored by the American Legion to teach government.

Justice Charles Zimmerman of the Ohio Supreme Court presided at inauguration ceremonies last night and Gov. Frank J. Lausche spoke.

The youths, who will run four cities and 20 counties in the 10-day program, also elected these other officials:

William Rogers of Ashland, lieutenant governor; Phil Casto of Mansfield, secretary of state; Don Hart of Mansfield, treasurer; Don Morris of Springfield, auditor; and Ralph Sorensen of Mansfield, attorney general.

Half of the boys were placed in the Federalist party and the other half named nationalists before the election. Borton, Hart, Morris and Sorensen ran on the Federalist ticket and Rogers and Casto on the Federalist slate.

## Leetonia

Joe Williams Post No. 131, American Legion, elected the following officers at their special meeting Sunday afternoon in the Legion headquarters.

Culver J. Stewart; first vice commander, Charles M. Reese; second vice commander, Charles Hinchcliffe; adjutant, Robert Weikart; finance officer, Robert Huffnagle; trustee, Charles F. Herr. Mr. Herr is the retiring commander.

Installation will be held July 12. Mr. Stewart, a member of the post for thirty continuous years, has been elected commander for the fourth time.

The daily Vacation Bible School opened its second week of meetings at the South Side School Monday morning.

Pupils attending the Bible School will present a program at St. Paul's Lutheran Church auditorium at 7:30 p. m. Thursday. Seventy-three boys and girls have been attending Bible school, of which 11 adults make up the staff.

The Brillhart Missionary Society of St. Paul's Lutheran Church was entertained at the home of Mrs. Roy Mathey Monday evening. Mrs. Arthur J. Spotholt was the leader of the topic, "The Lutheran Church in British Guiana."

Mrs. Anne Godfred left Monday for Monroe, Mich., where she attended the funeral of her father Frederick Milhan, Tuesday afternoon. Mr. Milhan celebrated his 100th birthday last October.

## Rokes To Take New Position

### Pilot For Keener Joins Travel Service

Captain Nelson Rokes, 36, of 1056 E. Ninth st., chief pilot for the Salem Engineering Company, will leave with his wife and three-year-old son this week to take over duties as vice president of Travel Service, Inc. in New York City.

Captain Rokes purchased controlling interest in the travel service about two years ago. The agency, the third largest of its kind in New York City, aids travelers by booking air, sea and land transportation and handles hotel reservations both here and abroad.

He has been pilot for Sam Keener, president of the engineering, for 12 years. Having 14,000 hours of flying time to his credit, Captain Rokes has served as charter pilot for such dignitaries as Gen. George C. Mar-

shall and Statesman Bernard Baruch.

Mrs. Rokes is former airlines hostess and served as assistant to Mrs. Ann Archibald, vice president of Pan American Airlines. She and her husband named their son, "Douglas," after the airliners they flew.

Succeeding Captain Rokes will be Robert Olsen of Arcadia, Calif. Olsen, who is 33 years of age, has been flying for 10 years.

### Jap Newspaper Urges U. S. Be Leased Bases

TOKYO, June 13 — (AP)—A major Japanese newspaper, Jiji Shimpō of Tokyo, today urged the leasing of bases in Japan to the United States.

U. S. defense chiefs, Secretary of Defense Louis Johnson and General Omar Bradley, chairman of the joint chiefs of staff, are in Honolulu enroute to Japan to talk with Allied Occupation Commander, Gen. Douglas MacArthur.

Jiji Shimpō also urged an early peace treaty.

"The time is ripe for the signing of a peace treaty as far as this country is concerned," the newspaper said in an editorial.

**DRIVER DIES AFTER WRECK**—His clothes burned off, J. E. "Skimp" Hershey sits dazedly beside his flaming stock car as firemen attempt to rescue him. The car (background, at left) caught fire on a turn, went out of control and turned over during race at Atlanta, Ga. Hershey, who is from St. Augustine, Fla., died in a hospital 12 hours after the accident. (By Acme staff photographer Gene Crumbley.)

### Adenauer Pleads For Tie With West

BONN, Germany, June 13 — (AP)—Chancellor Konrad Adenauer today urged West Germany to enter the European Council "in the interests of world peace."

Anyone who declares himself against the European Council declares himself "against the West," the Chancellor said as he opened debate in the lower house (Bundestag) of West Germany's parliament.

The vote of the Bundestag will decide whether the West German government accepts the invitation to enter the European Council. The upper house already has voted in favor.

Entry into the council would bring Germans back into a major international organization for the first time since Hitler walked out of the League of Nations 16 years ago.

"This is a decision of equally great importance to Germany, Europe and the entire world," Adenauer told the Bundestag.

### Governors See Truman

WASHINGTON — President Truman will lunch with Democratic governors here Saturday.

### Cars For White House

DETROIT—The Ford Motor Co. reported today it has delivered the last of 10 specially designed Lincoln cars to the White House.

### CONVENE LEGION COUNCIL

The American Legion Columbiana County Council will meet at 8 p. m. Wednesday at the Leetonia Joe Williams post home. Election of officers will be the principal business of the meeting.

Salem Charles H. Carey post members are to assemble at 7:30 p. m. at the post home to travel to Leetonia.

### Budget Balancing Job Appears For Congress

WASHINGTON, June 13 — (AP) — Fresh fears of inflation prompted bipartisan proposals today that Congress get busy on the job of balancing the budget.

Senator Douglas (D-Ill.) told a reporter he regards the threat of inflation caused by rises in wholesale prices as serious, but possibly not dangerous.

"It strengthens the case for reducing expenditures and balancing the cash budget—that's the best inflation brake," said Douglas, who agrees with the Truman administration on about everything but its monetary policies.

Senator Taft of Ohio, chairman of the GOP Policy Committee, said in a separate interview that a vigorous drive is going to be made in the senate to cut appropriations back to the point of government revenue.

### Found Dead On Train

YOUNGSTOWN — Thomas J. Whitesel, 65, of Meadville, Pa., an Erie railroad engineer, was found dead aboard a Diesel engine which arrived at the Erie railroad terminal here this morning.

### 4-H Club

**Damascus Hustlers**  
The Damascus Hustler's 4-H Club met with David and James Ryser Tuesday evening, June 6. David gave a talk on "Bees" and plans were made to attend a baseball game in Cleveland.

A game of ball was enjoyed and a lunch was served by Mrs. Ernest Ryser.

### AIR SHOW PLANNED

MANSFIELD, June 13 — Mansfield is planning a two-day air show July 15 and 16 to dedicate the new \$450,000 hangar at the National Air Guard installation at Mansfield municipal airport.

The Cheshire cat has no actual existence, except in literary expressions.

### Deaths and Funerals

#### John Gill

COLUMBIANA, June 13 — Funeral service for John Gill, 71, was held at the Fry Funeral Home this afternoon. He died of a heart attack Sunday night at the Eagles Lodge in Leetonia.

Mr. Gill was born May 31, 1879 in Luzerne county, Pa. He had lived in Columbiana for four years after coming here from Ellwood City, Pa. He was an oil well worker and member of the Eagles Lodge.

### Ohioans Buy 28 Per Cent Of Savings Bond Quota

COLUMBUS, June 13 — (AP) — Ohioans have brought 27.9 per cent of their independence bond drive quota of \$38,839,000, the Savings Bond Division announced today. The drive began May 15 and ends July 4.

Sales for the week ending June 3 were \$3,724,548, raising cumulative sales of series "E" bonds to \$10,872,840 to date, the division said.

### Perfume That Clings!

Q.—Dear Penny: I adore perfume, but for some reason or other, its fragrance just does not last on me. I have told several of my friends that I want a new perfume, but first I must find out about a lasting one.—Mrs. A. W.

A.—A particularly good idea for women who claim that perfume does not "stay with them" is a Liquid Skin Sachet. It smooths on the skin very easily and lingers longer because of its sachet base. It has a slower rate of diffusion and evaporation than any other type of fragrance. Try this Houbigant Chantilly Liquid Skin Sachet. Only \$1.75, plus tax. McBane - McArthur Drug Store.
